

1. Create a farm map

- STEP 1:** Use a **BLACK** marker to map assets and infrastructure on your property (houses, machinery, shed, fences, powerlines etc)
- STEP 2:** Use a **GREEN** marker to map all the vegetation
- STEP 3:** Use a **BLUE** marker to map any water sources (dams, bores, rivers, creeks, tanks, swimming pools, pumps and hydrant points)
- STEP 4:** Use a **RED** marker to map any hazards
